

# DEB SPECHT

My husband and I opened Vision Real Estate Services in the fall of 2004. It was our *vision* to build a business that strives to provide professional customer service with full-time, knowledgeable agents. I have been a full-time realtor since 2006 when I decided to leave the teaching field. The satisfaction in helping people realize their *vision* of home ownership has been truly rewarding. Whether buying or selling, call me at 664-5555.

“I would love to help you make your *vision* a reality!”

# KAYE O'NEAL

In December '07 my husband Scott and I kicked off a new business, Lewis & Clark Cabin Care. Through our cabin care business, we were approached by a lake property owner about managing her home as a vacation home rental. This inspired me to obtain my real estate salesperson license. Acquiring my broker's license in March '09, I established Shore to Shore Realty, working from my home office on the Nebraska side of Lewis & Clark Lake.

Buying, selling or renting? I have a unique marketing strategy that covers all the bases. My business philosophy? Involving my client in the process, which to me means Communication, Communication, Communication!

Vacation rental properties available!  
Licensed in Nebraska & South Dakota
