

Getting married with flowers from Pied Piper Flowers

Here are a few tips when trying to decide on your flowers for your wedding.

**The internet is your best friend...* look here to get ideas in the comfort of your own home. See something you really like, jot down the site or print the picture so you can look at it with your florist.

**Find inspiration...* Whether it's a fabric, color, jewelry...show this to your florist, it's a great place to start. **Be open minded about your flower types...* Your florist will have ideas that will compliment your overall look for your wedding (especially if what you have chosen is not in season) and keep your budget in tact.

**Personalize your flowers...* Your florist will be able to help you make it truly your own.

**Flower colors are never exact...* Remember to think

outside the box. There are many shades/tints when dealing with a fresh product. Your florist will guide you to finding the best blossoms possible for your wedding.

**Make your Bridal Bouquet a priority...* DON'T SKIMP ON THIS ONE!!! It's the one you will look at for the next 50-60 years in your pictures...you should LOVE IT!!

**Have a budget in mind and tell your florist...* This way together you can get the most bang for your buck.

We at Pied Piper Flowers want to make your wedding wishes come true. Stop in and see us, sit down and discuss your ideas with us. You will be glad you did.

PUT YOUR TRUST IN A FLORIST...THE ONE PERSON WHO WANTS YOUR FLOWERS TO BE MORE PERFECT THAN YOU DO!
