

ROOTED IN COMMUNITY

IN CELEBRATION OF

150 YEARS · YANKTON, SD

≡ HISTORY IN THE MAKING ≡

First Dakota had its beginning in 1872 when it became the first fully chartered bank in the Dakota Territory. At that time, banking was mostly involved with the land; farming, cattle ranching, horse and mule trading. Persevering through money panics, droughts, wars, market crashes, tight money and high interest rates, got First Dakota to where it is today – 14 locations and over \$775 million in assets. Throughout the years, we have kept our focus on building relationships and serving the community.
