Put your *faith* in us.

Inspired by the missionary and educational efforts of Bishop Martin Marty and led by its first president, Mother Jerome Schmitt, Mount Marty College has grown from a women's junior college in 1936 to the four-year co-educational college it is today. Our proud tradition of faith-based learning focused on developing the whole person continues to guide us as we celebrate 75 years.

We invite our alumni, students, family, friends, donors and community partners to share in our year-long celebration.
