NO TWO BREASTS ARE THE SAME.

They're different sizes,
different density and they change over time.
Sometimes they develop breast cancer.

Avera Breast Center

Starting at age 40, schedule a 3-D mammogram through Avera Breast Center. This tool diagnoses cancer at the earliest possible moment. Additional technology, including contrast-enhanced spectral mammography, provides the clarity you deserve when your provider needs more information.

Schedule your mammogram today.

Call the Navigation Center at **888-422-1410** or go to **Avera.org/breastcare**

WE ARE Experts in Breast Cancer Screenings. **WE ARE** Avera.
